Meeting Notes:
- Design Doc
  - Purpose and goals good
    - Could be more concise
    - Disclaimers are good idea
  - Context diagram
    - Should include external APIs/sources, i.e. Facebook, Twitter, S3
  - Concepts
    - "Action" could be more fleshed out/have a better name
  - Data Model
    - Labels on arrows should be one word
  - Features
    - Concise, good, great
  - Security Concerns
    - Covered everything, looks good
  - Flow Diagram
    - Make the notes bigger
    - Need an entry arrow
    - Still good overall
  - Design Challenges
    - Good, listed a lot of them
    - Could've talked more about the design alternatives for a few of the challenges, such as
      - Vote
      - Admin account
    - Re-format some of them as the 'Options' format
- Teamwork Plan
  - Stakeholders good

- ○ Division of labor seemed fair
- ○ Overall, looked fine. Thorough, thought out
- Wireframe
    - ○ Repeat functionality with 'Rushees' on navbar and RushTracker on navbar
    - ○ Everything looks pretty reasonable
- Scope
    - ○ MVP seems reasonable
- Implementation questions
    - ○
